Experience

Intern Web Developer education duniya, delhi

2024 – 2025

- Assisted in the design, development, and maintenance of the Education Duniya website.
- Developed and updated web pages using HTML, CSS, JavaScript, and CMS tools.
- Wrote and edited SEO-friendly educational content, articles, and blog posts to improve website visibility.
- Maintained website content, ensuring accuracy, consistency, and timely updates.

social media head centre for sustainable development conference, vips college

2025 – 2026

- Led the social media strategy and digital presence for the CSD Conference across multiple platforms.
- Created and managed engaging content, including promotional posts, event updates, and speaker highlights.
- Developed content calendars and ensured timely publication of campaign materials.

AI Automation Intern bharat cs, IBM

2015 – 2017

- Assisted in developing AI-driven automation solutions to streamline business workflows and repetitive tasks.
- Built and tested automation workflows using AI and low-code/no-code automation platforms.
- Documented automation processes, technical workflows, and project outcomes.

projects

Portfolio Website

- Designed and developed a fully responsive personal portfolio website using HTML, CSS, and JavaScript.
- Implemented responsive design principles to ensure compatibility across desktops, tablets, and mobile devices.

AI Gmail Auto Email Responder

- Built an automated email response workflow using Relay.app and Gmail.
- Configured triggers to detect incoming emails and generate automated responses.

AI Multi-Agent Project Management System

- Developed a multi-agent AI system to automate project planning, task assignment, progress tracking, and team communication using intelligent AI agents.
- Designed Planner, Task, Tracker, and Email agents that collaborated to manage project workflows, update Google Sheets, and send automated task reminders.
